Registering a Domestic Partnership in New Jersey

The Domestic Partnership Act became effective on July 10, 2004 and was amended by the Civil Union Act implemented on February 19, 2007.

Under the original Domestic Partnership Act same-sex couples age 18 or older and opposite-sex couples age 62 or older had to meet the requirements of the Act to register a Domestic Partnership. The implementation of the Civil Union Act amended this requirement such that effective February 19, 2007 same-sex or opposite-sex couples must be age 62 or older and meet the remaining eligibility requirements of the Domestic Partnership Act to register as Domestic Partners.

Domestic Partnerships registered prior to February 19, 2007 are still valid and are afforded the rights and benefits of Domestic Partners.

Registering a Domestic Partnership

Applicants must obtain an Affidavit of Domestic Partnership. The Affidavit must be completed and signed by both applicants at the same time, in the presence of a notary. The applicants must appear together to file with a Local Registrar of Vital Statistics at any municipality throughout the State and the required fee of \$28 remitted. It is advisable to contact the Local Registrar's Office in advance to ascertain if there are designated for accepting applications for marriage, civil union or domestic partnership. Domestic Partnerships are not considered registered until the Affidavit has been filed with the Local Registrar's Office and the Certificate of Domestic Partnership has been issued. Each applicant must supply valid identification that establishes name, age, date of birth and proof of residency. This may be supplied by one or more documents issued by a government agency, such as a certified copy of a birth certificate, driver's license, military identification or state/county identification card. A registration or operator's license for any motorized vehicle that must be registered with the Motor Vehicle Commission will be accepted. Motorized vehicles include motorcycles, boats and motor homes, to name a few. A passport or county issued ID will establish identity. A mortgage, lease, tax records or utility bills will establish residency.
