

Deck the Home Contest 2021

Some Reasons why our winners entered

130 Matawan Avenue- What started as something to do in lock-down since school was not in session in 2020, turned into a family project for the *Morans* where 2 brothers, Thomas and John and their father Thomas incorporated 16,600 lights this year in their light display. Great job and we can't wait to see what you have planned next year!

97 Ravine Drive- The *Oreckinto* family has been decorating every year to honor their mom who loved decorating for the holidays. They had 5,000 plus lights, attention to detail and a whole lot of love that came through in their beautiful display.

61 Aberdeen Avenue- For *Allison Picerno*, it was about everyone needing a little cheer. She has been decorating since she was a kid and her inspiration came from having a classic, vintage look.

21 Mohawk Drive- This is the *Niemczyk's* family 2nd year in a row win. This is a Matawan favorite and the family is inspired by all the kids that stop in front of their home to walk through their display, to take pictures or just to take it all in.

7 Schenck Avenue- A beautiful, classic display by *Mr. & Mrs. Chidichimo* who decorated their lovely home for their grandchildren and children when they come back home for the holidays.
